Getty Images When it comes to The Ryans of Hollywood, Mr. Reynolds is very high on our list. The hunky actor is a cheerful, friendly, and you know, super attractive-altogether, real dreamboat. So while it was pretty crushing when the green lantern actor courted, married, and soaked actress Blake Lively, we were happy for him because he seems happy (sometimes we can be so selfless!). And these two crazy-looking kids really seem to be in love, as evidenced by the puppy-dog watch Reynolds gave to his wife on the red carpet. Here, look back at the full story of Ryan Reynolds looking adored by Blake Lively. 1 out of 30 Dudes, this Gossip Girl chick is super hot, you don't even see what's lurking behind that name tag. 2 out of 30 And funny! Oh my God, she's so funny! And beautiful. I love you. 3 out of 30 So this is, like, a harness? 4 out of 30 5 out of 30 So if I asked you to hold my hand, would you hold my hand? You don't really have to hold my hand if I reach out right now because we're probably still dating, but I just want to know hypothetically if you were? 6 out of 30 Mmm you smell like puppies. And roses. And a million singing butterflies. 7 out of 30 I know you say words, but I can't hear them because your face is so sexy and symmetrical. 8 out of 30 I know you'll believe, sometimes we just sit and look at each other? Actors Blake Lively and Ryan Reynolds are among the most intriguing couples. Although the details surrounding their relationship are limited because they are famously a private couple. They married in secret and keep their daughters, James and Ines, out of the public eye, be careful not to share their faces on social media, although Reynolds does share some hilarious thoughts about being a dad on Twitter. A few years earlier, James and Ines had rarely performed at their father's induction ceremony on the Hollywood Walk of Fame. And just this week, Lively proudly showed off her baby bump at the premiere of Reynolds' new film, Pokemon Detective Pikachu. Over the years, the couple have revealed some details about how they met, which, like the actors themselves, are funny and adorable. Keep reading to find out how the pair met with their own words. How did Blake Lively and Ryan Reynolds meet? Reynolds and Lively met while filming the 2011 film Green Lantern. As fate would have it, Lively played the love interest of Reynolds' character. But at the time, Reynolds and actress Scarlett Johansson were going through a divorce and Lively were dating her Gossip Girl co-star, Penn Badgley. Reynolds explains their first date during an interview with Jess Cagle, People and Entertainment Weekly editorial director, on Jess Cagle Interview, Reynolds and Lively both described the double date they went on with other people. It was funny because for about a year after Green Lantern came and went, all that stuff we were both single, Reynolds told Cagle. We went on a double date. She was on a date with another guy, and I was on a date with another girl. It was the most embarrassing date for this party because we were just like fireworks. No fireworks for Lively Lively had very different feelings about getting out. The date went well for him, there was no fireworks for me. No, Lively Cagle jokingly said. He didn't click for a good year and a half. Lively came up with the idea of dating In the same interview, Lively explained that she came up with the idea of her and Reynolds dating. I said, Oh, hey, wait. Wait. We could date,' she said. This is what I appreciate about our relationship is that he is my friend in the first place. Lively and Reynolds married in 2012, and Martha Stewart and her team at Martha Stewart's wedding were responsible for Reynolds and Lively's wedding in South Carolina at The Boone Plantation in Charleston. Notebook with Rachel McAdams and featured plantations, according to People. Eventmates Privacy Instagram is such a big part of a couple's life, only a small number of photos from their wedding have been made public. Martha Stewart Weddings posted photos of many desserts at their wedding, a bouquet of Lively, and one of her Marchesa dress. To this day, the public has not gotten an idea of the faces of the bride and groom on their wedding day, once again highlighting the fact that they are very private. While Ryan Reynolds may have made more headlines recently for his recent divorce from Scarlett Johansson and his upcoming role in Green Lantern, we know and love him for something else: his commitment to fitness. And those abs. Holy Moli. So how does this Canadian-born Hollywood hunk stay so darn fit? According to his personal trainer Bobby Storm, who created a super-hero workout for Reynolds, a little bit of everything. From strength training that work opposite muscle groups to yoga and Pilates to kickboxing and basic work, Reynolds did his best to prepare for the role of Green Lantern. In fact, Reynolds worked like crazy for six months, seven days a week, 90 minutes a day. Beautiful people: Blake Lively and Ryan Reynolds are on the eve of their second wedding anniversary - for which, in perfect Pinterest fashion, Blake Lively and Ryan Reynolds will DIY their own gifts - and Lively candidly expressed their wishes for the future Reynolds family of Marie Claire: I have to get started. If I could spit out the children's litter, I would. Strange and visceral language from the former Gossip Girl, but after seeing her lifestyle website, Reserve, I don't think I can be surprised by anything Lively says. The girl has a dark, strange side. That being said, who wouldn't want to see such beautiful creatures as Reynolds and Live Procreation? If you have such golden genes, why not pass them on to a litter or two of all American babies who certainly have more Instagram followers in their first breath of life than I could ever hope for in the rest of mine? Lively and Reynolds still haven't gotten started, apparently, but they probably should soon, seeing how Lively claimed she wanted 30 children. Get to get, you are crazy lovers! They will have plenty of time for flower beard fiction and six pack abs later! Fueled by the impatience and curiosity and power of the Internet, I went ahead and morphed these two on Thing, and to my chagrin, they produced no creep I was hoping for, but some actually decent, very human-looking kids. Boy Boy Eyes! It is the sweet coil blond hair that falls so carefree! That button nose! Usually Morph Things are scary and disgusting, but this faux baby not only looks decently believable, it's cute. Gossip (Baby) GirlLook on this little brunette punkin. Sure, her eyes are a little lopsided, but don't we all have any flaws? And before you get at me for criticizing a child, let me gently remind you she's the internet morphing two celebrity stock photos, so judge rightly my cruelty. Still, she has dimples. I envy a fake baby because of her dimple. I need to rethink something. What have I learned from this experiment? Even when celebrities have fake internet kids that are created by mashing two 2D photos of them together, imaginary kids are super good looking. I secretly hope that Lively and Reynolds do childbearing and make more than a dozen small children, if only so I can start betting pool on what they'll call their litter (s). Judging by the reserve's website, there are going to be a few Reynolds children who are struggling through primary school with some X silent. But at least they'll be adorable. And their father will be Ryan freakin' Reynolds.Images: Morphthing.com Morphthing.com definitely maybe ryan reynolds wireless headphones
